

Photoshop: Advanced Skills

Learn from the professionals and improve your Photoshop skills

A one day course aimed at Designers

Delivered by Lucy Hingston

Do you feel you are using Photoshop as effectively as you need to?
Can you achieve the results you want in the time available?
Are there specific areas you need to know in more depth to achieve your full potential?

In this full day's practical course you will be shown a number of ways in which to use Photoshop to its highest level. You will benefit in learning the most useful functions and ways available for you to correct and enhance a range of images and be shown the most effective ways to solve retouching tasks professionally. On booking this course you will be contacted directly by the trainer to establish what your particular objectives are so that the areas you need can be covered. The small group, tailored course and intense advanced level training will ensure you become highly competent in using this application.

Following this course, to help you extend your knowledge, you may want to consider our Quark or InDesign courses.

Lucy Hingston, the course trainer, is a professional full time retoucher currently working at Tapestry. She uses Photoshop at an advanced level for her work on high profile advertising. Lucy's informative and practical training will ensure that you get the maximum out of your day.

A sample of advanced topics that can be covered are:

- **Correcting and enhancing digital photography**
- **Typographic Design**
- **Advanced layer techniques**
- **Advanced compositing**
- **Creating Links within an Image**
- **Producing and Printing consistent colour**
